

4. Which forest layer usually has the most diversity?

5. Which forest in the video had the most closed canopy?

6. What is the percentage of land in Vermont that was once farmed? (listen close!)

7. Explain ecological succession in one or two sentences here. Use your own words:

8. What is something you learned in this video?

9. What is something you have a question about from this video?

10. What do you want to learn next time?

Thanks for watching the video and completing the reflection page. I hope you had fun! For more information about Vermont Land Trust and for more cool resources and online events about Vermont's natural landscape and environment, visit Vermont Land Trust online at vlt.org or on social media!
